

International Healthcare Plans

Corporate Group Scheme Premium Rates

Valid from 1st November 2008

How to calculate your premium.

1. Please note that for cover worldwide excluding USA, there are specific rates for residents based in China, Hong Kong, Israel, Switzerland or Singapore.
2. Using the contents page overleaf, choose the area of cover (taking account of point 1 above), the required plans and then refer to the age rates applicable to the employees and dependants that you wish to include on the policy (annual rates are shown).
3. Apply the payment frequency surcharge, if applicable, for your preferred payment frequency: 3% for half yearly payments, 4% for quarterly payments and 5% for monthly payments. There is no surcharge for annual payment. We accept payment by cheque or bank transfer.
4. If you wish to select a deductible on the Out-patient Plan (see below), please apply the appropriate discount to the Out-patient Plan premium.
5. Please note that Insurance Premium Tax and other Government Levies are not included within these rates as they vary from country to country. Where such taxes or levies apply, they will be detailed on the invoice issued to the company.
6. Corporate groups schemes can generally benefit from a corporate discount. To obtain a quotation, please contact our Sales Support Team on +353 1 630 1301 or via sales@allianzworldwidecare.com

Reduce your Out-patient Plan premium.

The following are the optional Out-patient Plan deductibles payable per person per Insurance Year. To reduce the Out-patient Plan premium, select a deductible from the list below and read across to find the relevant Out-patient Plan premium discount.

Optional Out-patient Plan deductibles	Discount
No deductible	0% premium discount
£75/€100/\$140 deductible	10% premium discount
£150/€200/\$280 deductible	20% premium discount
£365/€500/\$710 deductible	45% premium discount
£730/€1,000/\$1,400 deductible	70% premium discount
