

International Health Insurance

Journey coverage

GlobalHealth

Much more than an international health insurer

Global Health is a brand designed for those who live beyond borders, thrive in multicultural environments and across multiple countries. We understand the unique challenges of international mobility, the moments of vulnerability when far from home, and the importance of relying on a caring and responsive health partner wherever you are. That is why our coverage integrates naturally into your lifestyle and is perfectly aligned with your personal needs.

Rooted in European reliability and driven by global agility, Global Health supports every journey with health solutions designed for the real lives of expats. Our coverage is designed to offer continuity, peace of mind and simplicity, to give you the freedom to grow anywhere in the world. By your side 24/7, from emergencies to everyday care, Global Health is the trusted space for those who call the world their home.

Global Health is the
community of world citizens,
offering **international health
insurance for peace of mind.**

Tailored for globally mobile people.

We have designed Journey for every profile: professionals, families, digital nomads... Journey offers the right health solution to all profiles and budgets.

Journey offers 5 plans with different ranges of benefits, coverage limits, deductibles and copayment options. For a short stay or a long-term move, we offer you solutions that perfectly match your expatriation needs.

OUR BENEFITS

Your trusted health support, wherever you are.

Choose your doctor

Visit the health provider that feels right for you. For minor health issues, you can rely on online consultations.

24/7 worldwide assistance

Our multilingual teams assist you in your specific location, with a strong local expertise.

Evacuation and repatriation

If urgent care is needed and local treatment is not possible, we ensure your safe transport back home.

Easy contract access

Manage your contract and claims directly in your client portal, through a fully digital and secure experience.
